Azeemushan Ali

Lead Cloud & DevOps Engineer at Presidio || IMSEC || 3x AWS Certified || 1x Azure Certified || 1x Terraform Certified || 5## Gold Level @ HackerRank

Bengaluru, Karnataka, India

Summary

As a Senior Engineer at Presidio, I design, implement, and manage cloud infrastructure solutions for various clients across different industries. I have 4+ years of experience in cloud engineering, with expertise in AWS, Azure, Terraform, CI/CD, and migration.

I am passionate about leveraging cloud technologies to help businesses achieve their goals, and I always strive to deliver solutions that meet the unique needs of my clients. I have successfully deployed AWS Control Tower, implemented Account-Vending solution, automated the deployment and management of AWS resources, built robust CI/CD pipelines, and led successful cloud migration projects with minimal disruption and optimal performance. I am also AWS Certified Solutions Architect & Practitioner Certified, Azure Certified, and Terraform Certified, and I am dedicated to staying up-to-date with the latest cloud technologies and best practices.

I graduated from IMS Engineering College, Ghaziabad with a Bachelor of Technology in Computer Science in 2021, where I learned the fundamentals of programming, data structures, algorithms, and software engineering. I also participated in several hackathons and won multiple prizes for my innovative projects. I am a lifelong learner and a problem-solver, and I enjoy working with diverse teams and collaborating with other cloud enthusiasts.

Experience

Presidio

4 years 10 months

Lead Engineer

November 2025 - Present (2 months)

Bengaluru, Karnataka, India

Senior Engineer

November 2023 - November 2025 (2 years 1 month)

Bengaluru, Karnataka, India

- > Deployed AWS Control Tower (Landing Zone) with best practices.
- > Implemented Account-Vending solution.
- > Implemented Cloud Endure DR Setup for physical and virtual servers on AWS Infrastructure.
- > Automated the deployment and management of AWS resources via Terraform & CloudFormation.
- > Implemented GitLab CI/CD pipeline for client applications frontend and backend.
- > Implemented CI/CD Pipeline for Building and Pushing Docker images into registry.
- > Implemented Kubernetes deployment using CI/CD multi-stage pipeline.
- > Implemented VPN and Direct Connect Connection to set up Networking from On-prem to AWS.
- > Implemented AWS SSO with external identity providers Azure AD, Okta AD & Microsoft AD.

Cloud Engineer

March 2021 - November 2023 (2 years 9 months)

Chennai, Tamil Nadu, India

Experienced Cloud Engineer with expertise in AWS, Terraform, CI/CD, and migration. Designed scalable AWS architectures and provisioned infrastructure using Terraform. Built robust CI/CD pipelines with AWS CodePipeline, GitLab CI/CD, and Jenkins. Led successful cloud migration projects with minimal disruption and optimal performance. Implemented IAM policies and encryption mechanisms for robust security. Collaborated with development teams to optimize application performance and provide AWS guidance. Conducted infrastructure audits and implemented cost-efficient optimizations. AWS Certified Solutions Architect & Practitioner Certified.

LinuxWorld Informatics Pvt Ltd
